Safety Alert 66

Reversing in the vicinity of parked aircraft

Reversing in the vicinity of parked aircraft shall be avoided as far as possible, except for vehicles that need to reverse in connection with their assignment. Reversing shall be planned to take place away from aircraft where possible. Reversing shall always be done with the full attention of the driver and great care towards aircraft, equipment and persons. Drivers who believe that reversing cannot be done safely must seek help from a person assisting during the manoeuvre.
